OBJECTIVE

To obtain employment with a company that offers a positive atmosphere to learn and implement new skills and technologies for the better of the organization.

SUMMARY

I'm a passionate Java developer who enjoys turning ideas into reliable backend systems. With hands-on experience in Java and Spring Boot, I focus on writing clean, efficient code that solves real problems. I'm excited about the opportunity to grow, collaborate, and make a meaningful impact at Zulu Kozilite.

PROJECT

- **GD AI** – GD AI means Group Discussion Ai. It was a tool useful during the group discussion, Team meeting, Client meeting and use also in classroom for taking running notes and points. We partially created this project but I learn Python Language and libraries in python through this project.
- **3D Wheel Racing** – It was a racing game developed by using the unity software and blender. I created the assets for our project using blender.
